

**Health and Safety at Work etc. Act 1974**

**Site Health and Safety Policy of**

**442 Graphics Ltd**

# General Statement of Policy

It is the policy of 442 Graphics Ltd to comply with the terms of the Health and Safety at Work etc. Act 1974 and subsequent legislation and to provide and maintain a healthy and safe working environment. 442 Graphics Ltd.s' health and safety objective is to minimise the number of instances of occupational accidents and illnesses and ultimately to achieve an accident-free workplace.

All employees will be provided with such equipment, information, training and supervision as is necessary to implement the policy and achieve the stated objective.

442 Graphics Ltd recognise and accept their duty to protect the health and safety of all visitors to the company, including contractors and temporary workers, as well as any members of the public who might be affected by our operations.

While the management of 442 Graphics Ltd will do all what is within its powers to ensure the health and safety of its employees, it is recognised that health and safety at work is the responsibility of each and every individual associated with the company. It is the duty of each employee to take reasonable care of their own and other people's welfare and to report any situation which may pose a threat to the well being of any other person.

The management of 442 Graphics Ltd will provide every employee with the training necessary to carry out tasks safely. However, if an employee is unsure how to perform a certain task or feels it would be dangerous to perform a specific job, then it is the employee's duty to report this. An effective health and safety programme requires continuous communication between workers at all levels. It is therefore every workers responsibility to report immediately any situation which could jeopardise the well being of themselves or any other person.

All injuries, however small, sustained by a person at work must be reported. Accident records are crucial to the effective monitoring and revision of the policy and must therefore be accurate and comprehensive.

442 Graphics Ltd's health and safety policy will be continually monitored and updated, particularly when changes in the scale and nature of our operations occur. The policy will be updated at least every 12 months.

The specific arrangements for the implementation of the policy and the personnel responsible are detailed below.

# Safety Rules

## General

1. All employees should be aware of, respect and adhere to the rules and procedures contained in this policy statement and also the rules/procedures installed by the Main Contractor.
2. All employees shall immediately report any unsafe practices or conditions to the relevant authority.
3. Any person under the influence of alcohol or any other intoxicating drug which might impair motor skills or judgment, whether prescribed or otherwise, shall not be allowed on the job.
4. Horseplay, practical joking or any other acts which might jeopardise the health and safety of any other person are forbidden.
5. Any person whose level of alertness and/or ability are reduced due to illness or fatigue will not be allowed on the job if this might jeopardise the health and safety of that person or any other person.
6. Employees shall not adjust, move or otherwise tamper with any electrical equipment, machinery or air or water lines in a manner not within the scope of their duties, unless instructed to do so by a senior member of staff.
7. All waste material must be disposed of carefully and in such a way that they do not constitute a hazard to other workers.
8. No worker should undertake a job which appears to be unsafe.
9. No worker should undertake a job until he or she has received adequate safety instruction and is authorised to carry out the task.
10. All injuries must be reported to the Managing Director or the Company's site supervisor.
11. Employees should take care to ensure that all protective guards and other safety devices are properly fitted and in good working order and shall immediately report any deficiencies to the Company's site supervisor or the Managing Director.
12. Work shall be well planned and supervised to avoid injuries in the handling of heavy materials and while using equipment.
13. No employees should use chemicals without the knowledge required to work with those chemicals safely.
14. Suitable clothing and footwear will be worn at all times. Personal protective equipment shall be worn wherever appropriate.

## **Working Environment**

1. Work sites must be kept clean and tidy.
2. Any spillage must be cleaned up immediately.
3. Waste materials and rubbish must be removed routinely.
4. All combustible waste materials must be discarded in sealed metal containers,
5. All pits and holes must be covered when not in use and clearly marked with warning signs when in use.

## **Walkways**

1. Walkways and passageways must be kept clear from obstructions at all times.
2. If a walkway or passageway becomes wet it should be clearly marked with warning signs and/or covered with non-slip material.
3. Trailing cables are a trip hazard and should not be left in any passageway.
4. Any change in the floor elevation of any walkway or passageway must be clearly marked.
5. Where objects are stored in or around a passageway, care must be taken to ensure that no long or sharp edges jut out into the passageway in such a way as to constitute a safety hazard.
6. Where a passageway is being used by any vehicles or other moving machinery an alternative route should be used by pedestrians wherever possible. If no alternative route is possible the area should be clearly marked with warning signs.

## **Tool and Equipment Maintenance**

1. Company machinery and tools are only to be used by qualified and authorised personnel. It is the responsibility of the supervisor to determine who is authorised to use specific tools and equipment.
2. It is the responsibility of all employees to ensure that any tools or equipment they may use are in a good and safe condition. Any tool or equipment which is in any way defective must be repaired or replaced.
3. All tools must be properly and safely stored when not in use.
4. No tool should be used without the manufacturer's recommendation shields, guards or attachments.
5. Approved personal protective equipment must be properly used where appropriate.
6. Persons using machine tools must not wear clothing, jewellery or long hair in such a way as might pose a risk to their or anyone else's safety.
7. Employees are prohibited from using any tool or piece of equipment for any purpose other than its intended purpose.

## **Safety Personnel**

The person with overall and final responsibility for health and safety in 442 Graphics Ltd is the Managing Director, Mr J Borgia.

## **Consultation**

The management of 442 Graphics Ltd see communications between workers at all levels as an essential part of effective health and safety management. Consultation will be facilitated by means of safety meetings as often as is deemed necessary.

## **Co-Operation and Care**

If we are to build and maintain a healthy and safe working environment, co-operation between workers at all levels is essential.

All employees are expected to co-operate with safety officers and to accept their duties under this policy. Disciplinary action may be taken against any employee who violates safety rules or who fails to perform his or her duties under this policy.

Employees have a duty to take all reasonable steps to preserve and protect the health and safety of themselves and all other people affected by the operations of the company.

## **Safety Training**

Safety training is regarded as an indispensable ingredient of an effective health and safety programme. It is essential that every worker in the organisation is trained to perform his or her job effectively and safely. It is the opinion of the management of 442 Graphics Ltd that if a job is not done safely then it is not done effectively.

All workers will be trained in safe working practices and procedures prior to being allocated any new role. Training will include advice on the use and maintenance of personal protective equipment appropriate to the task concerned and the formulation of emergency contingency plans.

## **Workplace Inspections**

It is the policy of 442 Graphics Ltd to comply with the Workplace (Health, Safety and Welfare) Regulations 1992.

Regular inspections of the site will be conducted by the Company's supervisor. In addition inspectors will be conducted in the relevant areas whenever there are significant changes in the nature and/or scale of our operations.

Site inspections will also provide an opportunity to review the continuing effectiveness of the policy and to identify area where revision of the policy may be necessary.

## **Work Equipment**

It is the policy of 442 graphics Ltd to comply with the law as set out in the Provision and Use of Work Equipment Regulations 1992.

442 Graphics Ltd will endeavour to ensure that all equipment used by us on the site is safe and suitable for the purpose for which it is used.

All workers will be provided with adequate information and training to enable them to use work equipment safely.

The use of any work equipment which could pose a risk to the well being of persons in or around the site will be restricted to authorised persons.

All work equipment will be maintained in good working order and repair.

All workers will be provided with such protection as is adequate to protect them from dangers occasioned by the use of work equipment.

All work equipment will be clearly marked with health and safety warnings where appropriate.

## **Personal Protection Equipment**

It is the policy of 442 Graphics Ltd to comply with the law as set out in the Personal Protective Equipment at Work Regulations 1992.

All workers who may be exposed to a risk to their health and safety while on site will be provided with suitable, properly fitting and effective personal equipment.

All personal protective equipment provided by 442 Graphics Ltd will be properly assessed prior to its provision.

All personal protection equipment provided by 442 graphics Ltd will be maintained in good working order.

All personal provided with personal protective equipment by 442 Graphics Ltd will receive comprehensive training and information on the site, maintenance and purpose of the equipment.

442 Graphics Ltd will endeavour to ensure that all protective equipment provided is used and used properly by its employees.

## Smoking

Smoking is prohibited in all areas of the site except those areas which have been specifically designated as smoking areas (if any) by the Man Contractor. Smoking areas should at all times be kept fire safe. Combustible materials must never be stored or allowed to accumulate in areas where smoking is permitted.

## Accident Investigation and Reporting

It is the policy of 442 Graphics Ltd to comply with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR 95).

442 Graphics Ltd sees accident investigation as a valuable tool in the prevention of the future incidents. In the event of an accident resulting in injury a report will be drawn up by the foreman detailing:

- The circumstances of the accident including photographs and diagrams wherever possible
- The nature and severity of the injury sustained
- The identity of any eyewitness
- The time, date and location of the incident
- The date of the report

All eyewitness accounts will be collected as near to the time of the accident as is reasonably practicable. Any person required to give an official statement has the right to have a lawyer or trade union representative present at the company's expense.

The completed report will then be submitted to and analysed by the Managing Director who will attempt to discover why the accident occurred and what action should be taken to avoid a recurrence of the problem.

A follow up report will be completed after a reasonable period of time examining the effectiveness of any new measures adopted.

## Accident Procedure

A first aid kit is carried by 442 Graphics Ltds. workers. This first aid kit is clearly marked and is easily accessible by all employees during all working hours.

One person holding a current first aid certificate is responsible for the proper use and maintenance of the first aid kit.

The foreman is responsible for reporting all cases of accident and disease to the Managing Director.

Accident records are compiled and stored by the Managing Director.

The Managing Director is responsible for reporting cases of accident and disease to the relevant enforcing authority under the RIDDOR 95 Regulations where applicable.

## **Manual Handling Operations**

It is the policy of 442 Graphics Ltd to comply with the law as set out in the Manual Handling Operations Regulations 1992.

Manual handling operations will be avoided as far as is reasonably practicable where there is a risk of injury.

Where it is not possible to avoid manual handling operations an assessment of the operation will be made taking into account the task, the load, the working environment and the capability of the individual concerned. An assessment will be reviewed if there is any reason to suspect that it is no longer valid.

All possible steps will be taken to reduce the risk to the lowest level possible.

## **Control of Hazardous Substances**

It is the policy of 442 Graphics Ltd to comply with the law as set out in the Control of Substances Hazardous to Health Regulations 1989.

A risk assessment will be conducted of all work involving exposure to hazardous substances. The assessment will be based on manufacturers' and suppliers' health and safety guidance and our own knowledge of the work process.

442 Graphics Ltd will ensure that exposure of workers to hazardous substances is minimised and adequately controlled in all cases.

All workers who will come into contact with hazardous substances will receive comprehensive and adequate training and information on the health and safety issues relating to that type of work.

Assessments will be reviewed periodically, whenever there is a substantial modification to the work process and if there is any reason to suspect that the assessment may no longer be valid.

## **Fire Safety**

442 Graphics Ltd workers within the firm have a duty to report immediately any fire, smoke or potential fire hazards to the fire service (dial 999).

All workers have a duty to conduct their operations in such a way as to minimise the risk of fire. This involves taking care when smoking, keeping combustible materials separate from sources of ignition and avoiding unnecessary accumulation of combustible materials.

Supervisors are responsible for keeping their operating areas safe from fire, ensuring that their staff is trained in proper fire prevention practices and emergency procedures.

## **Fire Exits**

Exit doors and corridors must never be blocked.

## **Personal Protective Equipment**

1. Employees must use all personal protective equipment provided to them in accordance with the training and instruction given to them regarding its use.
2. Employees who have been provided with personal protective equipment must immediately report any loss of or obvious defect in any equipment provided to their supervisor or the Managing Director.

## **Manual Lifting and Moving**

1. Lifting and moving of objects should always be done by mechanical devices rather than manual handling wherever reasonably practicable. The equipment used should be appropriate for the task.
2. The load to be lifted or moved must be inspected for sharp edges, splinters and wet or greasy.
3. When lifting or moving a load with sharp or splintered edges gloves must be worn. Gloves should be free from oil, grease or other agents which might impair grip.
4. The route over which the load is to be lifted or moved should be inspected to ensure that it is free of obstructions or spillage which could cause tripping or spillage.
5. Employees should not attempt to lift or move a load which is too heavy to manage comfortably.
6. Where team lifting or moving is necessary one person should act as co-ordinator, giving commands to lift, lower etc.
7. When lifting an object off the ground employees should assume a squatting position, keeping the back straight. The load should be lifted by straightening the knees, not the back. The steps should be reversed for lowering an object to the ground.
